SEPTEMBER 2026

Project overview

⚡ 179 MW wind farm

✈️ 23 turbines on freehold land

📍 7km east of Williams, 10km west of Narrogin

Local Supplier and Job Seeker Sessions

Neoen and the Engineering, Procurement & Construction (EPC) contractors — Envision, UGL and CPB — held two Local Supplier and Job Seeker Sessions in August, one in Williams and one in Narrogin. Attendees had the opportunity to speak directly with project staff and learn more about the procurement process and employment opportunities for the project.

Narrogin High School Visit

UGL CPB Joint Venture (JV) and Neoen visited Narrogin Senior High School last month, speaking with around 60 students about the project and the future job and training opportunities available in the renewable energy sector.

Construction Update

Site establishment is progressing, with topsoil stripping underway for temporary facilities such as laydown areas.

Construction camp works are advancing - building deliveries have commenced and is scheduled to continue for approximately three weeks at a rate of around 10 buildings per day.

Three 40-metre temporary meteorological masts have now been installed, and commissioning is underway.
